

The following is a contract for _____ to receive Geriatric Care Management Services through ElderCare Solutions of Michigan (ECSOM).

Geriatric Care Management Services \$100/Hour

The hourly fee applies to the initial assessment, family consultation and ongoing care management services. The initial assessment includes evaluating an older adult's physical safety in their home, medical history, nutrition, cognition, social network and a functional assessment of all activities of daily living. This process takes approximately two hours, depending on the number of family members involved and the circumstances surrounding the assessment. The family consultation can be a meeting with an individual and/or group of family members to provide information on referrals, options, education and support related to a specific situation. A consultation does not take the place of a comprehensive assessment.

Ongoing care management services include all activities from implementing the care plan to advocating at physician appointments. While the amount of time needed may differ from one client to another, a minimum of one hour per month of personal contact is necessary to have current information allowing ECSOM to be able to assist if an emergency arises. In addition, this monthly contact allows us to evaluate changes in functioning, such as balance, cognition, weight loss, and to adjust the level of services in order to reduce the likelihood of a crisis. Ongoing care management services include emails and telephone calls made on a client's behalf.

Written Care Plan Presentation \$100/Hour

Following an assessment, the Care Manager will create an individualized care plan with recommendations aimed at improving quality of life and maintaining as much independence as feasible, and, when possible, share the results in person. During this meeting the Care Manager and the client and/or family members will suggest ways in which ECSOM can help on an ongoing basis.

After Hours/Emergency Support and Pager \$125/Hour

All unplanned phone calls, crisis intervention, and client contact between the hours of 6:00 p.m. and 8:00 a.m., any activity on weekends and holidays, as well as all calls to the emergency pager (regardless of time of day) will be charged a minimum of 15 minutes.

Travel (10+ miles) \$50/Hour

Travel to the client is charged based on drive time calculated by MapQuest, from the ECSOM West Bloomfield or Oak Park Office. There is no charge for travel 10 miles or less.

I understand and agree to the above charges: _____
Signature Date

Relationship to client: _____

Bills should be sent to: _____
Name Address
City State Zip Code

Correspondence should be sent to: _____
